# Mackenzie County Fire Services Annual Report 2018

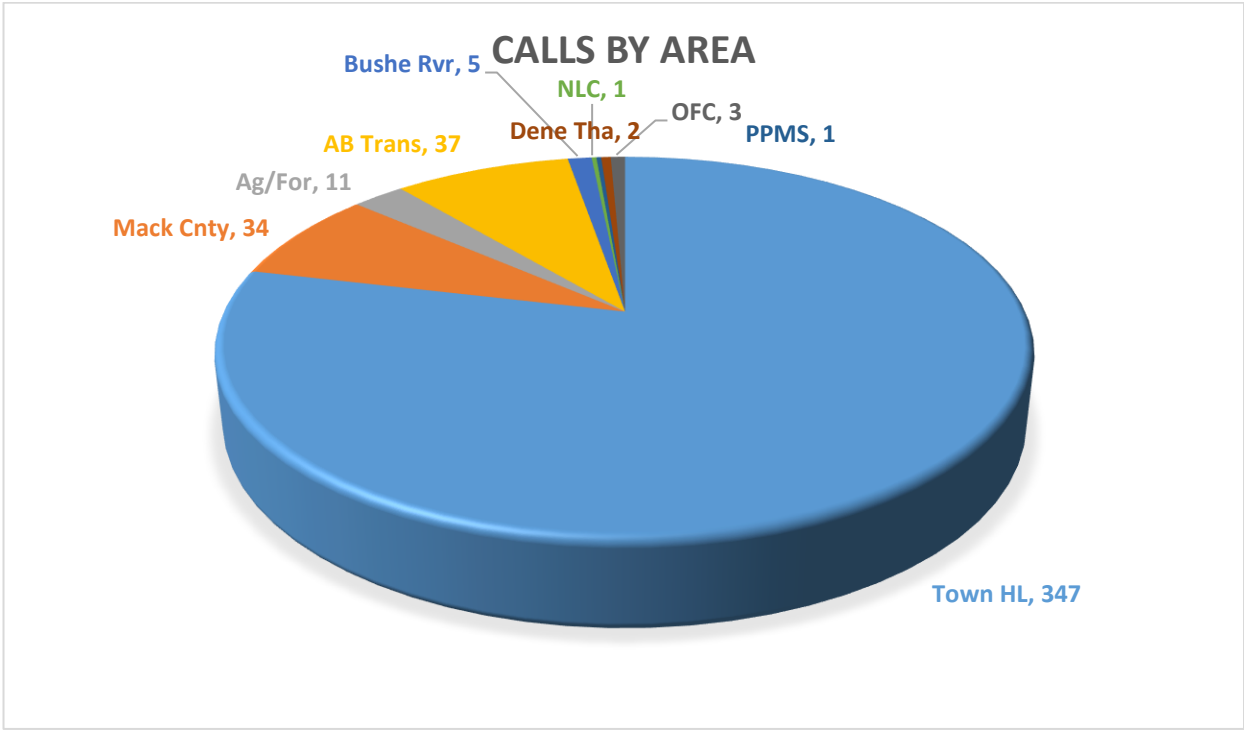

The following is the Annual Report for Fire Service Response to Mackenzie County in 2018. This report is in addition to the total Annual Report for the Fire Department that was submitted to our Council on February 12, 2018. This report focuses on Mackenzie County specific statistics.

**Total Calls**

The HLFDD responded to a total of 441 calls in 2018. The following is a breakdown of the call types.

The following calls areas were responded to by the HLFDD in 2018:

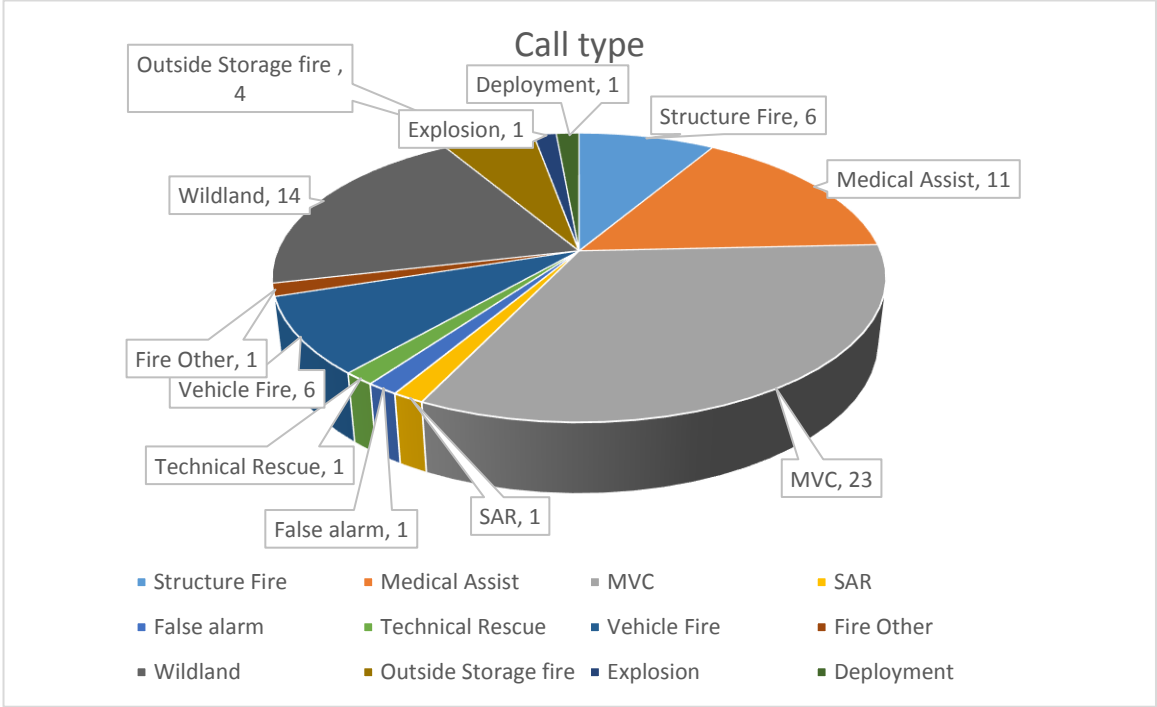

Of those calls, 34 were in Mackenzie County. Additionally, 37 were on Provincial Highways and 11 in the Forest Protection Area. Of those 33 Transportation calls, 27 were in highways within the corporate boundaries of the County. Of the 11 Forestry 9 of them were within the County boundaries.

Total Mackenzie County Calls: 70

**Call Types within the County**

The following graph details the call types within the County:

## Training

The HLFD continues to encourage regional training. The Regional Training Facility hosted three live fire events in 2018, two of which was attended by Mackenzie County Fire Departments (Fort Vermilion and Zama). This facility is the only NFPA 1402 compliant fire training facility north of Peace River and has been designed and engineered for safe interior fire training

Two Story Live Fire Trainer

The facility also has a propane field for safe live fire exterior training and has seven props for that purpose. The HLFD encourages Mackenzie County Departments to make use of the facility as it is provided to them at no cost.

If you require any further information, please do not hesitate to contact me.

I have attached to the full HLFD annual report to this submission.

Sincerely,

Rodney Schmidt  
Fire Chief  
Director of Protective Services
